6th July 2010

Dear Donald,

RE: JUNIOR GOLF DEVELOPMENT

Many thanks for your letter and the accompanying report. What you have achieved at Dollar Golf Club is very impressive. It seems clear to me that there is an enthusiastic and dedicated team at the club and all those involved in the many successes should be congratulated.

It is also clear that the club is not afraid of trying new and innovative ideas. If only more clubs adopted such a dynamic, proactive approach. The fruits of your labour are there for all to see - nearly 60 junior members and four new family memberships. Well done!

I will pass your report on to our Press Officer and will ask him to prepare an article for our website. If it's okay with you, we'll pick up one of the photos from your website to place with the article. Incidentally, many thanks for the profile you've given to the Golf Foundation on your website.

I am pleased that the Golf Foundation has been able to help your club with its efforts to develop opportunities for young people and I hope the junior section continues to flourish.

With my sincerest best wishes,

Mike Round
Chief Executive
